To Whom It May Concern:

I am writing on behalf of Scrub Brush Productions, LLC, a New Orleans based company dedicated to producing intelligent, relevant media with a social conscience.

I've had the opportunity to work with Scrub Brush Productions' staff and I'm deeply impressed by their commitment to bringing attention to how we view children in underserved communities regarding violence and crime. Their goal is to create a way for students in classroom all over Americans to utilize "Murder Through the Eyes of a Child" as a learning and mentoring tool. This tool is desperately needed and will provide communities around the country with a new way of thinking about how to help youth.

As Founder/CEO of Circle of Courage Mentoring Program, we believe a documentary concerning youth violence and mentoring is a wise investment - given that it costs taxpayers \$157.00 per day to incarcerate a juvenile. It is therefore a pleasure for me to lend my support to Scrub Brush Productions' efforts to secure funding. Your investment will empower youth and give a voice to people who have never had a voice.

Thank you for your consideration.

Sincerely,
